Genuine Canon Inks

With a Canon PIXMA, ink is the lifeblood of everything you create. It can make the difference between dull or vibrant colours, between blurry or sharp photo prints, and between prints that fade easily or those that last a lifetime.

If you never want to compromise on quality, only genuine Canon inks guarantee the performance levels you expect from your PIXMA.

Genuine Canon inks have been developed to remain stable when heated to high temperatures. And to form microscopic ink droplets – two million times smaller than a raindrop – that remain spherical for precise placement on paper.

Only genuine Canon inks have been specifically designed and developed to meet these exacting standards, print after print.

PIXMA SOFTWARE

PIXMA offers a suite of software that makes it easier than ever to get efficient.

MP Navigator EX

MP Navigator EX

Allows you to easily convert documents to text files or searchable PDFs, complete with password protection to safeguard any confidential information.

Easy-PhotoPrint EX

Easy-PhotoPrint EX

Photo printing has never been simpler thanks to Easy-PhotoPrint EX, offering features such as red-eye correction, and face smoothing.

Auto Document Fix

Auto Document Fix enhances the quality and legibility of scans by making intelligent automatic adjustments to every page.

Easy-WebPrint EX

Easy-WebPrint EX

Content from multiple websites can be effortlessly combined and printed with Easy-WebPrint EX.

Full HD Movie Print

Full HD Movie Print Feature

Turn your Canon digital camera movie moments into beautiful prints with Canon's Full HD Movie Print feature.

PIXMA TECHNOLOGY

FAX 33.6Kbps

Fax
Featuring high-speed "Super G3" Colour FAX.

FINE

Fine cartridges
The integration of print head and ink tank realizes downsizing of printer body and replacement of print head and ink tank at a time.

Wi-Fi CERTIFIED

Wi-Fi
Easy to setup wireless LAN allows you to share print and scan features among multiple PCs.

Ethernet

Ethernet
Ethernet connectivity allows you to share print and scan features among multiple PCs.

Dual Function Panel

Dual Function Panel
Dual Function Panel provides easy-to-follow operation with flexible key assignment, and enlarged easily recognisable keys.

Auto Duplex Print

Auto Duplex print
Automatically print on both sides of the paper.

Duplex ADF

Duplex ADF
Allows automatic scanning, copying and faxing of multi-page double-sided documents.

9600 dpi Maximum

9600 dpi
The high density print head enables high-resolution printing.

1pl Technology

1pl
High-density FINE print head technology is capable of ejecting microscopic ink droplets as small as 1 pl (one trillionth of a litre).

5 Single Inks

5 single inks
On-screen messages tells users how much ink is remaining. LED on ink tanks blinks on when the ink is running out. These features enhance the convenience of use.

PgR

PgR
Achieves both superior photo print quality on plain paper, and print durability / water-fastness.

LUCIA ink

Lucia Ink
Pigment-based LUCIA ink maintain the longevity of printouts.

A3+

A3+
Supports various sizes up to A3+ size.

ChromaLife 100+

ChromaLife 100+
A combination of genuine dye-based ink and genuine photo paper provides more vibrant, beautiful and longer lasting photos.
